

# Call for White Papers for Salary Support for Large Proposal Development

**Deadline: 5:00 PM October 29, 2018**

**White papers must be submitted electronically to Debbie Reinhart  
([reinhart@ucf.edu](mailto:reinhart@ucf.edu))**

The UCF Collective Impact Strategic Plan calls for the doubling of research awards. Reaching research goals requires, among other things, an increase in the number of large grants, herein defined as an award with an annual budget exceeding \$1 million, provided to UCF over a minimum of 3 years. The Office of Research and Graduate Studies recognizes the level of effort required to develop successful, complex proposals and is announcing the availability of salary support to lead Principal Investigators (PIs) to improve the probability of success. These funding opportunities should involve multiple PIs and disciplines. We anticipate funding 2-3 PIs. The opportunity deadline (actual or anticipated) must be between May 1, 2019 and December 31, 2019.

White papers may be up to five pages (single spaced, 12 pt font, 1 inch margins) and must provide:

- A description of the actual or anticipated solicitation (a copy of the actual RFP or RFA to which you would respond would be extremely helpful),
- Summary of selection criteria for the solicitation,
- Proposed goals, objectives, or aims of the research project,
- Your experiences with external funding to date,
- Team member names and roles,
- Brief description of your team's competitive advantages for an award,
- Budget for one-course release in Spring 2019 and one-month summer salary support for the lead PI,
- Timeline for proposal preparation with milestones (continued funding will be linked to milestones),
- An email from your chair acknowledging your availability during spring and summer 2019 (not included in the five pages), and
- An email from your Dean acknowledging that they are aware you are participating in this endeavor (not included in the five pages).

Proposals will be reviewed by a selection committee composed of senior research faculty and staff.

In addition to salary funding, OR/Graduate Studies and colleges will provide proposal development support to the selected PI, including a workshop series on preparing competitive large proposals in spring 2019.

If you are looking for funding opportunities, please contact Debbie Reinhart ([reinhart@ucf.edu](mailto:reinhart@ucf.edu) or 407.823.2315) or Michael Macedonia ([Michael.Macedonia@ucf.edu](mailto:Michael.Macedonia@ucf.edu) or 407.882-1331).
