

ORC program entitled *Researcher Experience Development initiative (REDi): Writing Large Multi-Disciplinary Proposals* is intended for experienced researchers who are ready to lead large grant proposals. We recognize that preparing large proposals requires unique skills and knowledge. The program will provide case study presentations by winning PIs, advice on making a decision whether or not to invest your time in the proposal, logistics for seeking political commitments and resources needed, and suggestions on team building and leading. Your completion in this program will ensure that you have access to ORC's [REACT](#) program as well as internal rewards for leading a large research grant.

We hope that you are ready for REDi! If you have any questions regarding this program, please contact Marisol Ortega-Perez at [marisol.ortega-perez@ucf.edu](mailto:marisol.ortega-perez@ucf.edu) or 407.882.0185.
